

**Bradley H. Feldmann**  
**President, Cubic Defense Applications, Inc.**

Bradley H. Feldmann is President of Cubic Defense Applications, Inc., the defense systems business of Cubic Corporation. As President, he oversees Cubic's core air and ground combat training businesses as well as its defense communications, homeland security and advanced development activities.

Bradley worked at Cubic Defense Systems, the forerunner of Cubic Defense Applications, from 1989 to 1999. During that period, he advanced to the position of Chief Operating Officer and led the team responsible for capturing a key ground combat training program - the Area Weapons Effects Simulator developed for the United Kingdom Ministry of Defense. He also directed the company's successful Joint Surveillance Target Attack Radar System (Joint STARS) program.

Prior to Cubic, he held senior leadership positions at various firms in the defense electronics, information technology and security domains. From 2007 until rejoining Cubic in 2008, he was Chief Operating Officer of Omniplex World Services Corporation, a provider of personnel security services to civilian, military and government clients.

Bradley holds an MBA in Finance from San Diego State University. He is a top graduate of the U.S. Air Force Squadron Officers School and a distinguished graduate of the U.S. Air Force Academy.
